

LeisureFLOOR LITE

LeisureFLOOR is a revolutionary new acoustic floating floor system from Farrat designed for the rapidly evolving needs of the leisure industry as it develops new concepts and tries to fit them into tight spaces in new and existing buildings.

Common applications include (but are not limited to):

- ▶ Interactive Football and Golf
- ▶ eKarting
- ▶ Batting Cages
- ▶ Karaoke Booths
- ▶ Augmented Games Playgrounds
- ▶ Padel Courts
- ▶ Hotel and Residential Gyms

Features:

- ▶ f_n @Operating Load: **9 Hz**
- ▶ f_n @Dead Load: **17 Hz**
- ▶ Height: **110 mm**
- ▶ Weight: **0.5 kN/m²**
- ▶ Air Gap: **50 mm**
- ▶ Floor Finish: **OSB**
- ▶ Live Load: **5 kN/m²**
(minimum 1000 mm centres)
(Load capacities subject to slab design)
- ▶ Point Load: **4 kN**
- ▶ Warranty: **Up to 10 years**

LeisureFLOOR LITE floating floors can be designed with a combination of timber, plasterboard and cement particle board layers to offer variable mass and resistance to moisture.

They offer wide flexibility when it comes to modification and replaceability and are particularly suited to renovation and re-purposing applications where the structural slab is not designed to take the weight of a concrete floating floor.

Contact Farrat for further advice and information regarding floating slab design.

Performance:

Rw: 70 dB Δ Lw: 34 dB

Frequency (Hz)	63	125	250	500	1K	2K	4K
R (dB)	44	48	56	73	80	81	82

Fire Resistance Duration: 90 mins

Test/Assessment Standards:

Acoustic (Airborne): ISO 10140-1,2,4:2020
ISO 717-1:2013

Acoustic (Impact): ISO 10140-1,3:2010
Based on 140 mm structural slab, no ceiling ISO 717-2:2013

Fire: EN 1994-1-2:2010

Based on 160 mm MD05-V3 Composite Deck in a multi span configuration

Standards:

Our acoustic isolators provide complete flexibility in terms of dynamic stiffness and damping. Where necessary we can design bespoke configurations to match your precise needs.

LeisureFLOOR LITE

The Farrat LeisureFLOOR range was developed following the successful delivery of our CineFLOOR range in more than 200 cinemas all around the world. Our emphasis is on buildability and cost-effectiveness while maintaining the highest standards of performance, delivery, longevity and reliability.

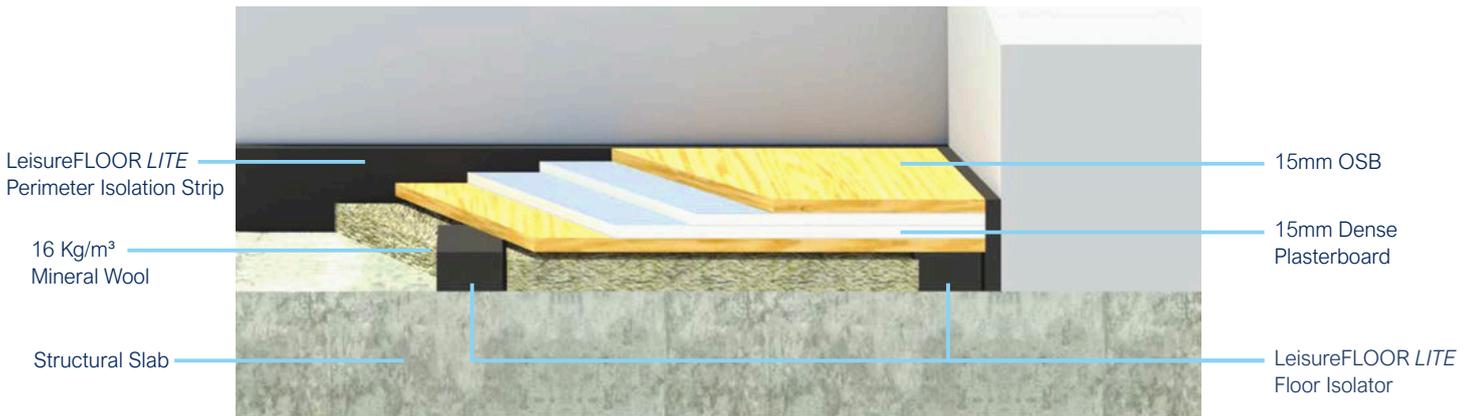

9 Hz Natural Frequency

90 mins Fire Resistance

Up to 10 years warranty

Technical specifications are available on RIBA NBS plus for rapid import.

Fast & Reliable
Global Logistics

Our LeisureFLOOR LITE products are available for dispatch with 24 hours. We hold stock and regularly export worldwide from the UK, Our products are also stocked in **Germany, The Netherlands** and the **UAE**.

Free Technical
Support

Our team of engineers are always on hand to offer advice relating to specification, detailing and installation. We can deliver this remotely or on-site, **anywhere in the world**.

Low Life-Cycle
Cost

All of our LeisureFLOOR systems are designed with ease of installation, durability and follow on trades in mind. **No operational maintenance is required.**

Certified Solutions

Our isolators are manufactured in the UK under and accredited ISO 9001:2015 quality management system. Our **performance test data** is all supplied from UKAS and IPAC accredited laboratories.

1000+ Projects
Experience

We are an active supplier to the global leisure market including Film, TV & Recording studios, Theatres, Event & Concert Halls, Cinema, Bowling and many more.

LeisureFLOOR LITE Floor Isolators

Product Code: 2LF-L-01

Measure: Isolators at 600 mm cross centres
Allow 3.4 isolators per m² (floor area) + 0.2 isolators per m² for non-rectangular shapes

LeisureFLOOR LITE Perimeter Isolation Strips

Product Code: 2LF-L-02

Measure: Strips are 2000 mm long
Allow 0.5 strips per meter (perimeter, including penetrations) + 10% off-cuts etc

Example Layout:
